| Joint Secretary | G.Devarajulu |
| Ex Officio Member | Dr.K.Vijaykumar, Principal I/C, SIT |

Dated: 31th December, 2022.

From the President's Desk:

Dear SITians,

I wish one and all of SIT Family a Merry Christmas (belated), A Very Happy New Year and a Happy Pongal. I would like to share the progress of the construction work of our open air Auditorium. The Structure is completed in all respects and gives a majestic appearance. The flooring of the major portion of the area opposite the stage has been provided with paver blocks. The roofing over the entire area is also finished and the building presents a grand view. The photos of finished Roofing Work appear in the subsequent pages.

The civil work like providing base concrete, pedestal to receive the GIANT COLUMNS to support the Roofing system, interconnection of all columns by providing beams at plinth level, were all completed in a very short record time by our Alumnus Sri.M. Shenbagaraj of 1982 Civil batch. We owe our thanks to him.

Similarly M/s. S.R.S Colour Roofing Sheet & Fabrication Job Work of Salem who had been awarded the work of providing the ROOFING SYSTEM consisting of Fabrication and erection of columns, connecting members and finally covering the entire area of Roof with GI sheet, have done an excellent job, completing the entire work in a record time of 15 days. We owe our thanks to them also.

The estimated total cost of providing Roofing is around Rs.30 Lakhs. This is partly met with contribution from our Alumni, allocation of funds from SITAA and from the management of SIT,i.e. Seshasayee Educational Society (SES). But still there is a gap of funds spent and funds received.

The WORKS that are to be done to make the entire Auditorium fully functional include replacement of paver block flooring with proper flooring, construction of side walls, providing Doors and windows, Providing Electrical items and other finishing works. All these works may cost around Rs 40 Lakhs.

I once again appeal to our Alumni to generously contribute so that all the related works can be completed and the fully finished Auditorium can be handed over to the management of SIT.

On 28/1/2023 that is the Annual Day of our Institution, we propose to hand over the Auditorium with the recently finished Roofing System to the Management of SIT and I extend a very hearty invitation to one and all of you and request you to take part in the celebrations stated for that day.

Since the Auditorium construction is in the finishing stage, a large amount of funds is urgently required. I feel happy to note the numerous positive responses against my previous appeals, from several alumni and I wish to thank each one of our alumnus. Still I expect a good contribution from some of our Alumni along with other Alumni, whose Contact details I got only recently.

The details of the events & other activities during this quarter are presented in the subsequent pages of this issue. Once again, I appeal to all our Alumni to come forward to contribute their might for the finishing of the auditorium in our SIT Campus, so that the work can be accelerated and project can be completed at the earliest. The Academic work for this year has started, as per the directives of the Government of Tamilnadu and Directorate of Technical Education, Chennai. It goes on well, with due care taken by Sri. G.M. Rajendran, Hon. Secretary, (SES), Dr.K.Vijayakumar, Principal-I/C, Dr.V.G.Ravindhren, Vice Principal and their team. I appeal to all students of SIT to utilize the best facilities available in our Institution and to shape themselves as promising professionals and leaders in their chosen fields.

Wishing you all the best,

P.A.Balasubramanian

President SITAA, Former Faculty Member & Alumnus, 1963

My dear SITians,

I wish you and your family a Happy New Year 2023, Happy Pongal. Since last nine years, SIT is witnessing several milestones towards the enhancement of our institution. Last year we added a laboratory for Paper Technology with the state of art machines and GSANC Auditorium. We could achieve all, only due to the motivation, support by Sri.VKS, Chairman, SES, Sri.N.Gopalaratnam, Chairman SPB and the initiatives of Sri.PAB, our teacher, President, SITAA. These two monuments will exhibit our contributions for the next 100 years. We celebrated our Platinum day of our Institution on 28th January 2022, followed by inauguration of Paper Technology Industrial Lab and GS-ANC Auditorium on 6th April 2022. **The basic thought of constructing the roofing was emanated from Sri.M.Shenbagaraj, our alumni.** At once he handed over the cheque for Rs.5 lakhs as his contribution. Several alumni contributed and the same were highlighted in subsequent pages.

It is my duty to highlight the munificent contribution by L&T Ltd., Chennai for this Project by contributing Rs. 4 lakhs. It is heartening to mention that both L&T and its officials are generous in supporting the values. One such firm illustration is this contribution to SIT, which gave several valued Engineers to L&T for its growth and success. We thank wholeheartedly **Sri.S.N.Subrahmanian, CEO & Managing Director, Larsen & Toubro Limited,** Chennai for his kind consideration and approval. Special thanks are reserved for Sri.Vinod Jacob Chacko, Vice President & Head – CSR & CCD, Sri.V.Satyanarayana, our Alumnus, Joint General Manager & Head- Value Realization Cell, L&T Ltd, Chennai for their whole hearted efforts put in, by allocating funds to SIT. I thank each one of you for your support. Our request, you all visit our institution and witness the enhancement carried out so far, extend your support to enhance further.

Please go through various activities of SIT & SITAA charted and furnish your feedback. I sincerely thank all alumni, well wishers, faculty, and staff for their support.

With Regards

G M Rajendran

Hon Secretary SIT & Vice President, SITAA

Dear SIT Alumni,

I wish you and your family for a happy New Year 2023 and Happy Pongal. I could contact several alumni and invited them to witness the progress of our institution since last 9 years. Alumni of 1980 Civil batch visited our institution and they conveyed their happiness by witnessing new Paper technology lab, Solar Panel power Production units, GSANC Auditorium and the ongoing roofing arrangement. They contributed a token of Rs.1 lakh to this roofing project.

I feel very happy and obliged to do the best service to SIT for its development through SITAA. I sincerely request you all to extend your co-operation in executing my job as Secretary to the satisfaction of all members and institution. I thank our Sri.P.A.Balasubramanian, my teacher, President, SITAA who guides me since the year 1981. I thank my institution which gave me everything in my life for which I will extend my support to the extent possible.

Thanks

A.Palanisamy

Secretary, SITAA (1981 Civil Batch)

FIELD VISIT TO WATER TREATMENT PLANT IN CAUVERY RIVER BANK IN KAMBARASAMPETTAI, TRICHY

On 26-09-2022,our civil engineering department organized a field visit to the water treatment plant located on the river bank of Cauvery as a part of environmental engineering studies. All the final year and II Year Civil Engineering participated along with faculty members Sri.R.Rajasekaran, Mrs.K.M.Kanchana, Mrs.S.Revathi, Sri.R.M.Anumantha Arasan Govan, Sri.P.Srinivasan and Sri.K.Karuppanan. This water treatment plant is constructed and maintained by Trichy City Corporation.

Main Objective of the Plant:

To supply adequate potable water for drinking and other uses to the public in and around Trichy corporation limits

Profile of the Plant:

The plant was established 150 years back. Initially the water supply was made by raw water since the quality of water was good. About 50 years ago, the plant was modernized by installation of 3 infiltrations wells where the water source was obtained by gravity. The collection well was installed with a very powerful 680H.p motor with pump set. Later due to increase in demand and ground water depletion, they have erected 35 bore wells of capacity 25H.P submersible motor with pump set around the infiltration wells. Now the plant is running with the support of infiltration wells as well as bore wells. The depth of bore wells varies from 50feet-80feet using 150mm diameter G.I pipe .The capacity of the plant is 140M.L.D. The water supply is being made to 40 over head water tanks. The water supply to the city is divided into 3 major pumping units.

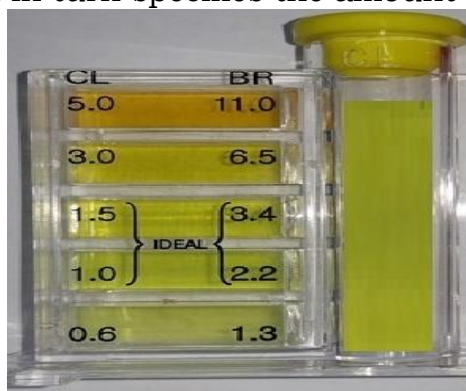

- 1) Main pumping station (MPS)
- 2) Turbine pumping Unit.
- 3) Collection well pumps.

In MPS, the discharge of water is supplied to 15 OHT situated in the heart of the Trichy town. The turbine pump discharges to 12 OHT at the periphery of the city. Collection well pump discharges 10 OHT to the other remaining area of the locality.

Treatment Process:

Collection: The raw water is collected from the bore well as well as infiltration wells. Two infiltration wells were constructed in the river. It has 12 radial arms which collects water from the sandy bed. The water is collected in an underground collection tank. The water sample is taken at every one hour for testing.

Disinfection: The sample is tested by orthothodiline test. The testing is conducted to determine how much chlorine (sodium hypochlorite solution) to be added to water that will be used for drinking to maintain free chlorine in the water for the average time of storage of water in the household. A free chlorine level of 0.5 mg/L of free chlorine will be enough to maintain the quality of water through the distribution network. The first option for testing uses a liquid chemical OTO (orthothodiline) that causes a color change to yellow in the presence of total chlorine. You simply fill a tube with water, add 1-5 drops of the solution, and look for the color change. This color is compared with standard chart and in turn specifies the amount of chlorination required.

Chlorination is done by means of sodium hypo chloride in liquid forms stored in large P.V.C tanks of capacity 2000litres. The dosage is measured inside the tank by measuring scale. The dosage is applied directly to the supply line by means of 1.H.P motor pump set and flexible P.V.C pipe line. Typical dosage Liquid sodium hypochlorite solution is 0.2 - 2 mg/L.

Now the plant will be further modified by constructing a large over head water tank in the plant itself and it is planned to supply water by gravity to the entire city. The D.P.R for the proposal has been submitted to the government and sanctioned for Rs.50 Crores funded under smart city scheme. The project duration is about 2 years and will be completed by December 2023.M/s Deccan Pvt.Ltd, Coimbatore was selected for above the project work.

Conclusion: This filed visit gave us knowledge about the collection and purification of water on large scale and awareness about the quality of water. The water treatment structures and machineries used for continuous supply of water gave us the knowledge in water intake structures and their design, supply and demand, forecasting future demands, etc.,

SIT students – Field visit to Water supply station

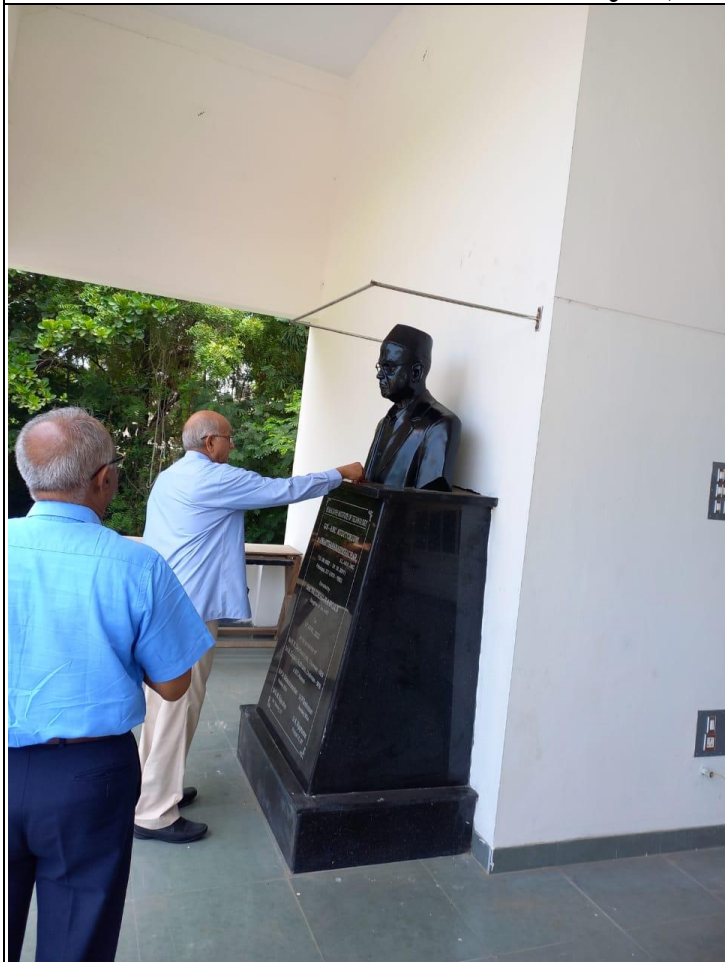

Main water supply -Infiltration wells

Demonstration of Pumping units-140 HP

Disinfection unit -Demonstration by the Engineer in-charge

Sri.V.K.Seshasayee, Chairman, SES - At SIT

Sri.V.K.Seshasayee, Chairman,SES along with Sri.N.Gopalaratnam, Chairman SPB presided over the annual general body meeting of SES held on 7th October 2022 at SIT. AGM, SES resolved and sanctioned the Roofing project in front of the GSANC Auditorium.

ISTE local chapter conducted Yoga for staff. 30 staff participated and expressed improvement in mental health and physical health in today's valedictory function. ISTE Coordinator Dr.J.Charles Franklin organized the event

Final year Computer Engineering students and staff visited TNPL Karur on 08.10.2022

Final year mechanical engineering students visited Golden Rock Railway work shop 12-10-2022

Global hand washing day

Padmasri. Dr.M.Subramanian, Director SCOPE, delivered keynote address on Hygiene and Sanitation on account of Global hand washing day celebration on 14-10-2022. Tulasi.K.Balasubramanian, Founder, Global Green Growth Group felicitated and created awareness on climate and environmental issues. Sri.G.R.K.Raju and Sri.P.Kothandaraman our alumni felicitated

Communication skill development in English to our students - Preparation to appear and face the recruiters during the campus selection . Students are appearing in English Communication Lab in SIT

ACHIEVEMENT OF SIT STUDENTS

National level football (ISFF) tournament held at Jaipur on 28-30th September 2022. Our Students N.Mohamed Sameer, J.Christopher Joel, K.Ramakrishnan, J.Shakil Ahamed placed winners in the tournament.

Our J.Christopher Joel awarded as the Best Player of the tournament and received the award.

Hearty congratulations to winners and Physical Director Sri.Rajesh.

State level football tournament held at Thennur Trichy.

Dugout sports street on (16/10/22) in which our college students N.Mohamed Sameer J.Christopher Joel S.Ramakrishnan J.Shakil Ahamed placed Winners in the tournament and also our player J.Christopher Joel got Best Player award

Selvi Agnes Gloria ,Student II year Civil participated in National Level one day Technical Symposium “TECH WRANGLER 2K22” organised by OASYS Institute of Technology and won the the second place and cash award

Department of Computer engineering had organized a workshop on 20-10-22 for the II and II year students . Rtn.P.Srinivasan, Trainer, Green Tree school of Graphics , Trichy briefed the “ Photoshop and Web design” to the students.

Anemia Mukta Bharat Scheme

On 21-10-2022, Under Anemia Mukta Bharat Scheme of Government Health department arranged the distribution of Iron tablets to all educational institutions. Sri.Sinthanai Selvan, Lecturer, SIT, the co ordinator for this scheme collected the tablets from Govt. health department. He distributed the tablets to each student. As per the directive of the Govt. each student should consume one tablet after taking food. This will be continuous on every Thursday till Govt. achieve its target.

Hands on Training

Department of Computer Engineering Organized a Hands-on Training on App development using APP INVENTOR and Google cloud CHATBOT on Thursday, 27th October 2022. Ms.Keerthana Murugesan & Sri. Manikandan of Let's GameTech, Coimbatore explained the students

Seminar on Full Stack development

Department of Computer Engineering Organized a seminar Full Stack Development to enhance the employability skills for the Final year Computer Engineering students on 03-11-2022. Ms.Vishnu Priya , Full Stack Developer, PS Digitise LLP, Trichy handled the seminar

Special Lecture on Edge Computing

Department of Instrumentation and Control Engineering have arranged a guest lecture on “Edge Computing “ under the auspices of ISTE student chapter. Dr.S.Chellammal, Asst. Prof & Head Govt. Arts and Science college, Trichy delivered the lecture on 27-10-22

Inter Polytechnics Tournament :

On 02-11-22, Inter Polytechnic Athletic Association (IPAA) conducted the Chess, Carom, Table Tennis at SIT, Trichy. Dr.K.Vijayakumar, Principal ic inaugurated the games. Dr.V.G.Ravindhren, Vice Principal felicitated. Seventeen polytechnics participated in the inter polytechnics tournaments. SIT Students won the First Place in Table Tennis finals over J.J.Poytechnic College by scoring 3 to 1. M.I.E.T.Students won the first place in Carom tournament and SIT Students won the Second Place. In the Chess Tournament Govt.Polytechnic, Thuvakudi, Trichy won the First place and SIT Students won the second place. This tournament was well organised by Sri.Rajesh Kumar, Physical Director, SIT. All students were participated actively.

Career Guidance programme

Career Guidance programme was arranged for the Final year EEE students on 31/10/2022. Sri.S.Gabriel Kennedy , English language and Life skill NLP Trainer conducted the programme.

Lecture on Leadership

Department of Instrumentation and Control Engineering and ISTE student chapter jointly organised a guest lecture “ Leader in Me” and “C2 c2023” on 01/11/2022. Sri.S.Gabriel Kennedy , English language and Life skill NLP Trainer delivered the lectures.

Department of Mechanical Engineering has arranged a guest lecture on “Insights on Energy Sector” on 03/11/2022. Sri. J.Amalraj, Director, Quality Inspection Services was the resource person

Industry Visit

On 09-11-2022 Final year civil Engg. Students visited Manufacture of building alternative materials, bio-methanation plant & open house Exhibition at Periyar Maniammai University at Thanjavur

Seminar – Latest innovations in Civil Engineering

Department of Civil Engineering and ISTE student chapter had organized a seminar on “Latest innovations in Civil Engineering” on 10-11-2022. Dr. A. Ranganathan , Research Associate, IMTI, PWD Trichy delivered the details.

Health awareness program

SIT students participated in the Health awareness program by District unit of the State health department on 28-12-22 at RC School Trichy

MOU with Paper India

An MOU was signed between SIT and Papers India, Karur for Technology transfer and support to new emerging technology in ammonia pulping of bagasse.

REUNION – 1980 CIVIL BATCH ALUMNI OF SIT ON 21-10-2022

On 21-12-2022, around 15 alumni of 1980 Civil visited SIT and paid respects to the former Principals Sri.GS and Sri.ANC at GSANC Auditorium. They garlanded the statue of Sri.VS and contributed Rs.1 lakh for SES Building fund. Sri.A.Palanisamy, Secretary, SITAA coordinated the get together.

Minister Labor Welfare and Skill development Review meeting at SIT :

A review meeting was organised by Trichy Collectorate in our institution to review the opportunities for employment and skill development on 02-11-2022 . Hon.Minister for Labor welfare and Skill development Sri.C.V.Ganesan reviewed the arrangements in SIT. Trichy Collector and other Senior IAS officials along with related departments attended the meeting. Minister inaugurated the campaign vehicles for mass employment opportunity camp scheduled on 05-11-2022

NCC STUDENTS IN SOCIAL SERVICE

Social Service by NCC Students, SIT working under **Swachat Bharat Project – Punith Sagar Abhiyan** . Around 120 NCC Students (3(TN)CTC –NCC) of Seshasayee Institute of Technology, Bishop Heber Higher Secondary School and National College Trichy under the leadership of Army Officers Subethar Thanaji Bhopan, Subethar Sathasivan and Havildhar Suresh removed the wastes, garbages and cleaned the banks of the river cauveri near Mathulamkollai Agraharam, Trichy. Aim of this programme is to create awareness among the public living nearby river banks. For this programme Sri.K.Karthikeyan, Health Official organised this event and Suerintendent (Selection grade 3(TN)CTC-NCC) and Lt.Col. Ajaykumar supervised based on guidance of Sena Medal Officer Commanding. NCC Officers Sri.Prem Kumar and Sri.Mendonza led a team of NCC Students and created the awareness about the general cleanliness, importance of saving the water fronts among the public by issuing the notices and raising slogans.

MUNIFICENT CONTRIBUTION FROM LARSEN & TOUBRO LTD., CHENNAI

First of all SIT, its Management & SITAA wholeheartedly thank Sri.S.N.Subrahmanian, CEO & MD, L&T Ltd., Chennai for his munificent contribution of Rs. 4 lakhs for the roofing project of GSANC Auditorium. We thank Sri.Vinod Jacob Chacko, Vice President & Head – CSR & CCD, Sri.V.Satyanarayana, our Alumnus, Joint General Manager & Head- Value Realization Cell, L&T Ltd, Chennai

All of you aware, hundreds of SIT alumni are employed in Larsen & Toubro Ltd. Due to their sincerity, loyalty, punctuality and hard work, enhancement of their academic qualifications they rose from Junior Engineer level to Chief General Manager of L&T. They are growing with the organization. One such alumnus presently Sri.V.Satyanarayana is working in L&T Construction Group at Chennai as Joint General Manager & Head- Value Realization Cell, L&T Ltd, Chennai ...

Our Sri.P.A.Balasubramanian, Former Lecturer, SIT, currently President, SITAA met all our alumni working in L&T, Chennai and insisted our alumni to extend the possible support from L&T under CSR Program. Due to the perseverance of our Sri.PAB and the efforts put in by our Sri.Satyanarayana, alumnus 1983 civil batch.

SIT, SITAA and SES wholeheartedly thank L&T Ltd., Chennai and Sri.V.Satyanarayana who strive hard in arranging the funds.

GSANC AUDITORIUM ROOFING PROJECT DONORS

Under CSR Program ---M/s. Larsen & Toubro, Chennai – Rs.4 lakhs

List of Donors (from 01-10-2022 till 31-12-2022)

Sarvashri.

Padmanarayanan Aravamudhan, 1968, DME – Rs.1 lakh
K.Ramesh, 1983, DME – Rs.1 lakh
Dr.V.G.Ravindhren Vice Principal, SIT – Rs.1 lakh
K.Saravanan, HOD EEE, SIT – Rs.1 lakh
G.M.Rajendran, 1973 DME, SIT – Rs.1 lakh
SIT Alumni 1980 DCE – Rs.1 lakh
Dr.R.Usha Rani Lecturer, SG, EEE, SIT – Rs.50,000
P.V.Chandrasekar, 1974 DME – Rs.40,000
N.Prasanna Venkatesh, 1988 DCE - Rs.35,000
S.Ramesh, 1982 DCE – Rs.25,000
C.Saravanan , 1992, DEEE – Rs.25,000
P.Selvakumar, 1988 ADSC, 1990 DME – Rs.25,000
